

Katie Gilchrist, GSP

Loss Control Consultant

816-205-3845

Katie.Gilchrist@AccidentFund.com

Katie joined Accident Fund in 2019 as a loss control consultant serving policyholders in Kansas.

Katie has more than 12 years of environmental health and safety (EHS) experience in automotive, construction and engineering industries, and she is an OSHA-authorized trainer in construction safety and health. Prior to joining Accident Fund, Katie held a loss control director position with Marsh & McLennan Agency and was also an adjunct instructor at the Great Plains OSHA Education Center for more than eight years.

Katie earned a Bachelor of Science degree in occupational safety and health management from Central Missouri State University and currently holds a Graduate Safety Practitioner (GSP) designation. She is an active member of the Heart of American Chapter of the American Society of Safety Professionals (ASSP).
