

Richard B. McLaughlin, CSP, CAWC

Senior Loss Control Consultant

804-624-0965

Richard.McLaughlin@AccidentFund.com

Richard joined the Accident Fund team in 2017 as a senior loss control consultant, providing loss control services to policyholders in Virginia.

Richard has more than 20 years of experience in safety and risk control. Prior to joining our team, his work experience includes serving as a safety & health compliance officer with Washington Labor & Industries, Division of Occupational Safety & Health.

He started his insurance carrier career at Zenith Insurance in Sacramento, CA. He relocated to Seattle with AIG coordinating safety & risk management services in the Northwest and Alaska, and has worked with a number of large Fortune 500 accounts in manufacturing, warehousing/logistics, construction, healthcare, hospitality, marine and transportation. Richard has experience building custom-tailored safety programs, performing accident investigations and employee training, developing recognition programs, conducting safety inspections and loss analysis.

Richard has a Communications degree from Cosumnes River College, Sacramento and is a Certified Safety Professional (CSP), Certified Authority on Workers' Compensation (CAWC), Professional Member of the American Society of Safety Engineers (ASSE), and the American Industrial Hygiene Association (AIHA). Additional professional education and training certificates received include: ASSE's Safety Management I & II, Cal Poly's Agricultural and Pesticide Safety, Ergonomic Job Analysis, Environmental and Industrial Hygiene, Machine Guarding and AAA Driver Improvement Program.
